FIITJEE brought transformational change in my performance with respect to various competitive exams and JEE. Study package, FAQ, WAO, phase tests, AITS, AITS all helped me improve my performance and develop confidence. Continuous concept wise tracking by teachers helped me analyse my strengths and weaknesses in various topics. If I sum up, FIITJEE system is a complete package for preparation of JEE, Advanced and Olympiads and I didn't feel any need for external help.

I thank FIITJEE for bringing my performance in JEE Advanced to an excellent All India Rank. I also thank my parents and teachers for their extraordinary guidance.
