I have been studying in FIITJEE since class 9. I got ample time to self-study, and could easily take out the time to study astronomy, while continuing my regular studies for JEE at FIITJEE.

My teachers here at FIITJEE helped me to build a strong base in all physics, chemistry and mathematics, which helped me to crack INAO and later study astronomy and astrophysics in depth. I didn't take any external support from any other coaching institutes.

I feel grateful to have secured such a good rank, and devote my success to the efforts of my parents, my teachers and FIITJEE.
