I, Ganga Shreyas, a student of FIITJEE World School from class 8. I am currently a student of 2 year FIITJEE pinnacle integrated classroom programme at Hyderabad Campus presently in class 12. My Early foundation at school level helped me to enhance my conceptual understanding, and problem solving skills. The competitive environment at school level itself helped me to work hard and enhance my learning skills. The worksheets provided helped me to get exposed to wide variety of problems. I qualified IOQM, NSEP, NSEC and got qualified to Maths and physics camp. I achieved 99.99% at JEE Mains.

The faculty is very experienced and they did their best to make sure that we didn't have any conceptual doubts. They readily clarified our doubts. Constant motivation, competitive environment helped me to maintain my pace in preparation. The extensive worksheets, problems in HMP, AITS, internal tests helped me to manage tricky situations. classes were always followed by study hours monitored by teachers.

FIITJEE has been a remarkable instrumental part of my preparation for exams. Their constant support, motivation helped me to enhance my learning skills. AITS exam helped to know our preparation at national level and get exposure to competition. FIITJEE helped me to achieve success what I achieved until now are only because of FIITJEE. From past 5 years, I pursued coaching only from FIITJEE. THANK YOU FIITJEE!
