 Program (IX-XII)**

I am Tejeswar.k, currently a student of FIITJEE under their supreme four year classroom program. I was with FIITJEE from the very start of my journey towards joining in IIT, and JEE Mains was a milestone. It was an unplanned choice that I joined FIITJEE, forget the destination may be reached or not, But I enjoyed ~~and~~ the path, it was an exciting part of my life and FIITJEE was the main part of it.

The faculty here were like a family, they always kept me motivated, cheerful and focused toward my dream all along the 7 years I spent in FIITJEE. They helped us develop a fundamental way of understanding the concepts and approaching questions. They were always there alongside me to make sure my list of doubts is blank. They built every step of the staircase, that I had to climb to witness the World from this height.

FIITJEE had provided me the best environment that I could ever imagine to study helping me not to get distracted and provided us with a schedule that was revised and updated as per our requirements, the interaction sessions conducted gave them a deeper understanding about what really is needed.

I sincerely thank FIITJEE for holding my hand and guiding me to reach ~~at this~~ this pinnacle of success.
